Approved For Release 1999/09/09: CIA-RDP82-00457R005800170006-8 CLASSIFICATION COME CENTRAL LIGENCE AGENCY REPORT NO. INFORMATION REPORT CD NO. 12 September 1950 COUNTRY China DATE DISTR. 25X1A NO. OF PAGES 1 1. Transfer of Soviet Submarines to the Chinese SUBJECT Communists 25X1A 2. Construction of Naval and Air Facilities, Hainan NO. OF ENCLS. PLACE RETURN TO DIA **ACQUIRED** DATE OF LIBRARY SUPPLEMENT TO INFO. REPORT NO. 25X1X The Soviets have turned over nine submarines to the Chinese Communists. These submarines have joint Sino-Soviet crews. 2. The construction of karbor facilities at Yulin was completed on 31 August.* On 2 September two Soviet submarines and about 100 motor vessels of 60 to 5,000 tons each were anchored in Yulin. Large quantities of ammunition, fuel, and other supplies arrived at Yulin in late August. There are more than 100 Soviets in Yulin. 3. Sanya (112-09, 21-52) air strip has been completed after two months! labor by about 5,000 coolies. Work is in progress at the Haikou harbor and airfield, but neither is in operation. 4. In August the Yulin transmitter was re-equipped by Soviet technicians and supplied with radar equimment. Stations at Haikou and Chanchiang (温江) are being rehabilitated. Buildings have been completed and large steel antennas are now under construction. 25X1A For previous information regarding the construction of naval and air facilities on Hainan, see 25X1A 25X1A Comment. A usually reliable source has reported that in early August 1950 the Canton Military Control Commission dispatched ten Soviet advisors and an unspecified number of military personnel to survey and repair Sanya Airfield and Yulin Harbor. These installations were to be used for Soviet air and naval forces.
